NOVUS DSS column with system clamp 1 (13-25 mm)

NOVUS Duo Support System columns provide the capability of attaching DSS supporting arm elements. Attractive in looks and in price – they offer maximum flexibility. In durable, robust material quality, the system is guaranteed to give you a stunningly simple, secure and adaptable means of attaching supporting arms for TFT screens. The elegant, 445 mm long aluminium profile serves as a support column and can be mounted on sliding trays with a thickness of 13-25 mm using flat system clamp 1. Two cable clips are included as a practical aid for routing cables.

The clamp has a clamping length of 13 to 25 mm. Simple to attach using the hexagon socket spanner supplied.

When used conventional.

Available in silver/ anthracite
